

REYNARD ST. CATERING MENU

At Reynard Street, our catering combines social impact with sustainability and quality. We provide a delicious assortment of food options for your events, meetings, workshops and celebrations.

Every order made through our catering social enterprise directly supports the training and food security initiatives at Reynard Street Neighbourhood House.

Please note that our house is unstaffed on weekends, so if your weekend catering order includes hot food, a pre-prepared tray will be available in frozen form. You'll simply need to reheat your order in the oven. Full instructions will be provided.
